

Newsflash

Personalised cabin interior design – the creative process made simple, together with RUAG

Realising your vision for the interior of your business aircraft has just become easier, thanks to RUAG Aviation and its new cabin interior showroom in Munich. Choose from a comprehensive range of fittings, materials and finishes, while a RUAG expert is on hand to assist you at every stage of the cabin design process.

Express your personal style

The cabin of your business aircraft is your space for work and relaxation; it is also your calling card, reflecting your personal sense of style. Our new cabin interior showroom in Munich is where your inspiration and our expertise come together to turn your vision into a reality. Create a design from your own sketches or choose to engage a world-renowned interior designer – either way, your dedicated Cabin Interiors Specialist will be on hand to support you every step of the way.

Choose your materials, visualise your concept

Enjoy a complete virtual rendition of your design with our state-of-the-art visualisation technology. Try out the full spectrum of materials and finishes – from the finest leather to luxurious wooden veneers – as RUAG makes the decision-making process easier, with our integrated materials selection centre.

One-stop shop services

Ensuring you realise your personal vision for your cabin interior is just one way in which RUAG supports your aircraft refurbishment requirements. Our one-stop shop provides solutions from a single source, suiting your individual schedule. Our specialists perform all required services from MRO, to cabin refurbishment, system upgrades and aircraft painting within one single downtime – effecting faster turnaround times and maximizing your profit options.
