

LOVING YOUR JET

An eye for detail and a love of team spirit!

Why did you become an Aircraft Engineer?

I am inspired by the team spirit and the need to focus on details.

What are you passionate about?

Flight, and everything about it! Our family loves to travel and fly a plane together.

What can challenge you on a project?

Time is always an exciting challenge and we need to get it right – right on time.

How do you meet the challenge?

By checking the details and being extremely well organized with my team.

What satisfies you the most at the end of the day?

I feel proud when the aircraft pilot is satisfied and I know they can fly on safely.
