## JetSupport continues MRO services for Dutch Coastguard Dorniers

[Read this story](#) in our FlipViewer digital magazine.

### February 7, 2018:

Amsterdam Schiphol's JetSupport has been awarded a further four-year contract providing MRO services for the two 212s operated by the Dutch Coastguard.

The company has been providing 24/7 support to the two aircraft since 2007 in partnership with RUAG, the OEM for the 228.

Having maintained the type since its establishment in 2003, JetSupport has gained significant experience working with the aircraft.
