Newsflash

LED landing and taxi lights – enhance your PC-12

Improve your aircraft utilisation with newly certified LED landing and taxi lights. Provided by RUAG Aviation for all PC-12 series aircraft, using sealed beam light units in external landing and taxi lights.

Long-run benefits

LED lights offer improved illumination, longer lifespan and greater reliability – **saving you cost and downtime**, thanks to increased time-between-replacements.

A speedy upgrade

1 day is the maximum downtime required by RUAG Aviation for this installation, which can also be performed during your regular scheduled maintenance.

Act fast for a free installation!

Save even more with **no labour costs for the first customer** to next purchase these LED landing and taxi lights from RUAG Aviation.
