

Newsflash

More services and optimized downtime for Rolls-Royce BR710A2-20 at Munich

Enjoy optimized downtimes on your Bombardier Global at the new RUAG Maintenance Line Station for Rolls-Royce BR710A2-20 turbofans. Our Munich business aircraft location is now an Authorised Service Centre, providing you with fast turnaround times and guaranteed reliability.

As an Authorised Bombardier Service Centre, RUAG Aviation is expanding the services for your Bombardier Global 6000, Global XRS, Global 5000, Global Express and Global Vision. In addition to the services for the Rolls-Royce AE3007A installed at the Embraer Legacy, our one-stop shop solutions now also include Rolls-Royce CorporateCare engine services for the BR710A2-20. Therefore, our customers benefit from a full spectrum of individualised and specialised aircraft solutions.

Reliable expertise, one central location

Rolls-Royce recognises our dedication to a prompt and flexible approach, as well as our in-house expertise and international network. The portfolio of services we can now make available to you is strengthened with the inclusion of additional warranty services and direct OEM reporting, saving you time and easing the process. Make one stop with your aircraft and benefit from comprehensive support and integrated solutions – all at a Central European location.

One-stop shop support

You can go about your business while we take care of your aircraft. Our one-stop shop solutions allow us to perform all required services within one single downtime, adapted to suit your individual schedule – effecting faster turnaround times and maximizing your profit options. RUAG Aviation's one-stop shop solutions include MRO, cabin interiors, aircraft painting, system upgrades, FBO, AOG, and support and consulting.
