

Newsflash

First impressions count – Shine with our special-effect painting

A new dimension in aircraft painting: With the extraordinary special-effect painting in carbon optic you benefit from an eye-catching and memorable painting solution which makes your aircraft unique.

Your style, your ideas, your choice

Our paint facility in Oberpfaffenhofen, will provide you also your own personal paint scheme, 2D & 3D as well for approved data to turn your vision into reality.

Or in case you plan to sale your aircraft, re-painting, or partial painting, paint defects, or just deep polishing plus teflon coating including paint touch up, is needed to get a better surface appearance, we are able to service your aircraft. Our professional service offers first-class quality for a wide range of aircraft: from small to large size – from Lear Jet to Airbus Corporate Jet.

Trust and partnership form the basis of our long-term customer relationships. Together, we will get it right. Want to know more or would you want us to appraisal your aircraft on site? Please contact us.
