

**Together
ahead. RUAG**

Newsflash

Experience an effective combination of aircraft services and a prompt return to scheduled operations. Choose our integrated one-stop shop solutions.

“Put our proven and trusted skillset to work for you and gain the edge on achieving profitable operations. Rely on our one-stop shop as your single source for optimised heavy maintenance downtimes and a reliable return to operations. Simply select the combination of services that suit your individual priorities. Our one-stop shop is just like your handy pocketknife – it expands to reveal a solution for every need.”

David Ricklin, General Manager Site Geneva, RUAG Aviation

One-stop shop versatility for optimised downtimes

We are a multi-skilled, multi-tasking partner. Six areas of competence are at your service, ready to support your individual needs with flexibility, transparency, and streamlined processes. Select your combination of solutions to include heavy maintenance checks, system upgrades, cabin interiors, aircraft painting, FBO, and support and consulting. As your single source for aircraft support services we are able to manage your specified downtime reliably, safeguarding your scheduling and profitability priorities.

Your trusted partner, your authorised service centre

Excellence in engineering and MRO is at the core of everything we do. Your aircraft benefits from our long-standing expertise and OEM approvals, proven to optimise performance and enhance safety. Our engineering team guarantees direct Design Organisation Approval (DOA) and EASA Part 145, 21G, and 21J compliance, as well as FAA repair station status, ensuring accuracy for all development, modifications, upgrades and repairs.

Select your combination aircraft services at RUAG Aviation today.
