

**Reliable procurement to the last detail – for customers around the globe.**

**Mekanex**  
USA Inc.

A **RUAG** Group Company

# Your flexible procurement partner in the USA

Mecanex USA is your reliable partner for spare parts supply and sourcing services. We seek to minimize aircraft and fleet operators' warehouse investment through innovative spare parts sourcing and management. Our customers can rely on guaranteed availability of spare parts, on time delivery (OTD) and repair of repairables (ROR). In short, we are your outsourced warehouse.

The Mecnex USA staff is experienced in supply chain management. We are passionate about civil and military aircraft, but we never lose sight of what matters most: ensuring that our customers receive the required parts whenever and wherever they need them – worldwide and at the best cost.

Mecnex USA is wholly owned by the Swiss RUAG Group and part of RUAG Aviation. RUAG Aviation holds a FAA repair station approval and is an OEM and global provider of system life cycle support services for military and civil aircraft. As RUAG's sourcing specialist on the American market we combine our expertise with RUAG Aviation's resources to create a unique and powerful set-up.

We invite you to take a brief moment to understand who Mecnex is and what superior sourcing and logistic services we offer.

# Global procurement services from one reliable source

Whatever your requirements are, Mecnex is your partner of choice when it comes to the sourcing and supply of spare parts, including a wide range of additional logistic services. We provide a total care package for sourcing, procurement and logistics to customers around the globe.

## Sourcing services

### Shopping list and special project procurement incl. hard to find items

Our customers have both general and customized requirements. For hard-to-find, obsolete and discontinued parts, we offer solutions based on experience and our established networks. Our clients can rely on us to find whatever parts they need.

- Modification
- Offering of alternative solutions (e.g. engineering, upgrades)

### Export/import handling incl. ITAR, EAR\*

We are a longstanding registered manufacturer and exporter. As such we are experienced in dealing with these respective administrative tasks. We will gladly relieve you of all export compliance issues.

- Experienced in facilitating complex export transactions
- U.S. Department of State: D-Trade User and DDTC Code M15600
- U.S. Department of Commerce: SNAP-R User
- Large working knowledge of ITAR/EAR Regulations

### Repair of repairables

You require aircraft maintenance at the highest levels of safety and standards of quality. Mecnex USA can manage your ROR requirements with our dedicated inbound and outbound specialists. We help reduce procurement tasks and ordering costs. This saves our customers time and money.

- Approved repair stations
- Minor modifications/major repairs
- Servicing any condition (OH, SV, AR, etc.)

\* ITAR = International Traffic in Arms Regulations  
EAR = Export Administration Regulations

## Logistic services

### Full logistics support incl. export & import handling

Our staff is well trained and experienced in dealing with all export and import regulations. We are here to support you whenever you need it.

- Experienced, accessible point of contacts
- Employee training on a quarterly basis
- Yearly external trainings by the Society of International affairs (SIA)
- Successful Export Control Reform (ECR) since October 15, 2013
- Valuable contacts with freight forwarders, customs and officials

### Parts inspection

When it comes to quality, there is no room for compromise. Our quality control services include:

- Visual inspection of parts and certificates
- Non conformance handling
- Quality and quantity inspection
- Documentation
- Repacking

### Packing and consolidation of shipments

Our huge experience makes us the perfect partner for proper packing and shipment of all types of goods, by all means of transport.

- IATA Rules (HazMat, Chemicals)
- Coordination of freight forwards

# Focusing on your needs. Wherever you are.

At Mecnex USA we believe that the way logistic solutions are provided is just as important as the solution itself. Therefore your needs are our focus point. Our highly committed specialists put their skills to work for you, taking into account your individual requirements, as well as your schedule and priorities.

## **Personal relationships**

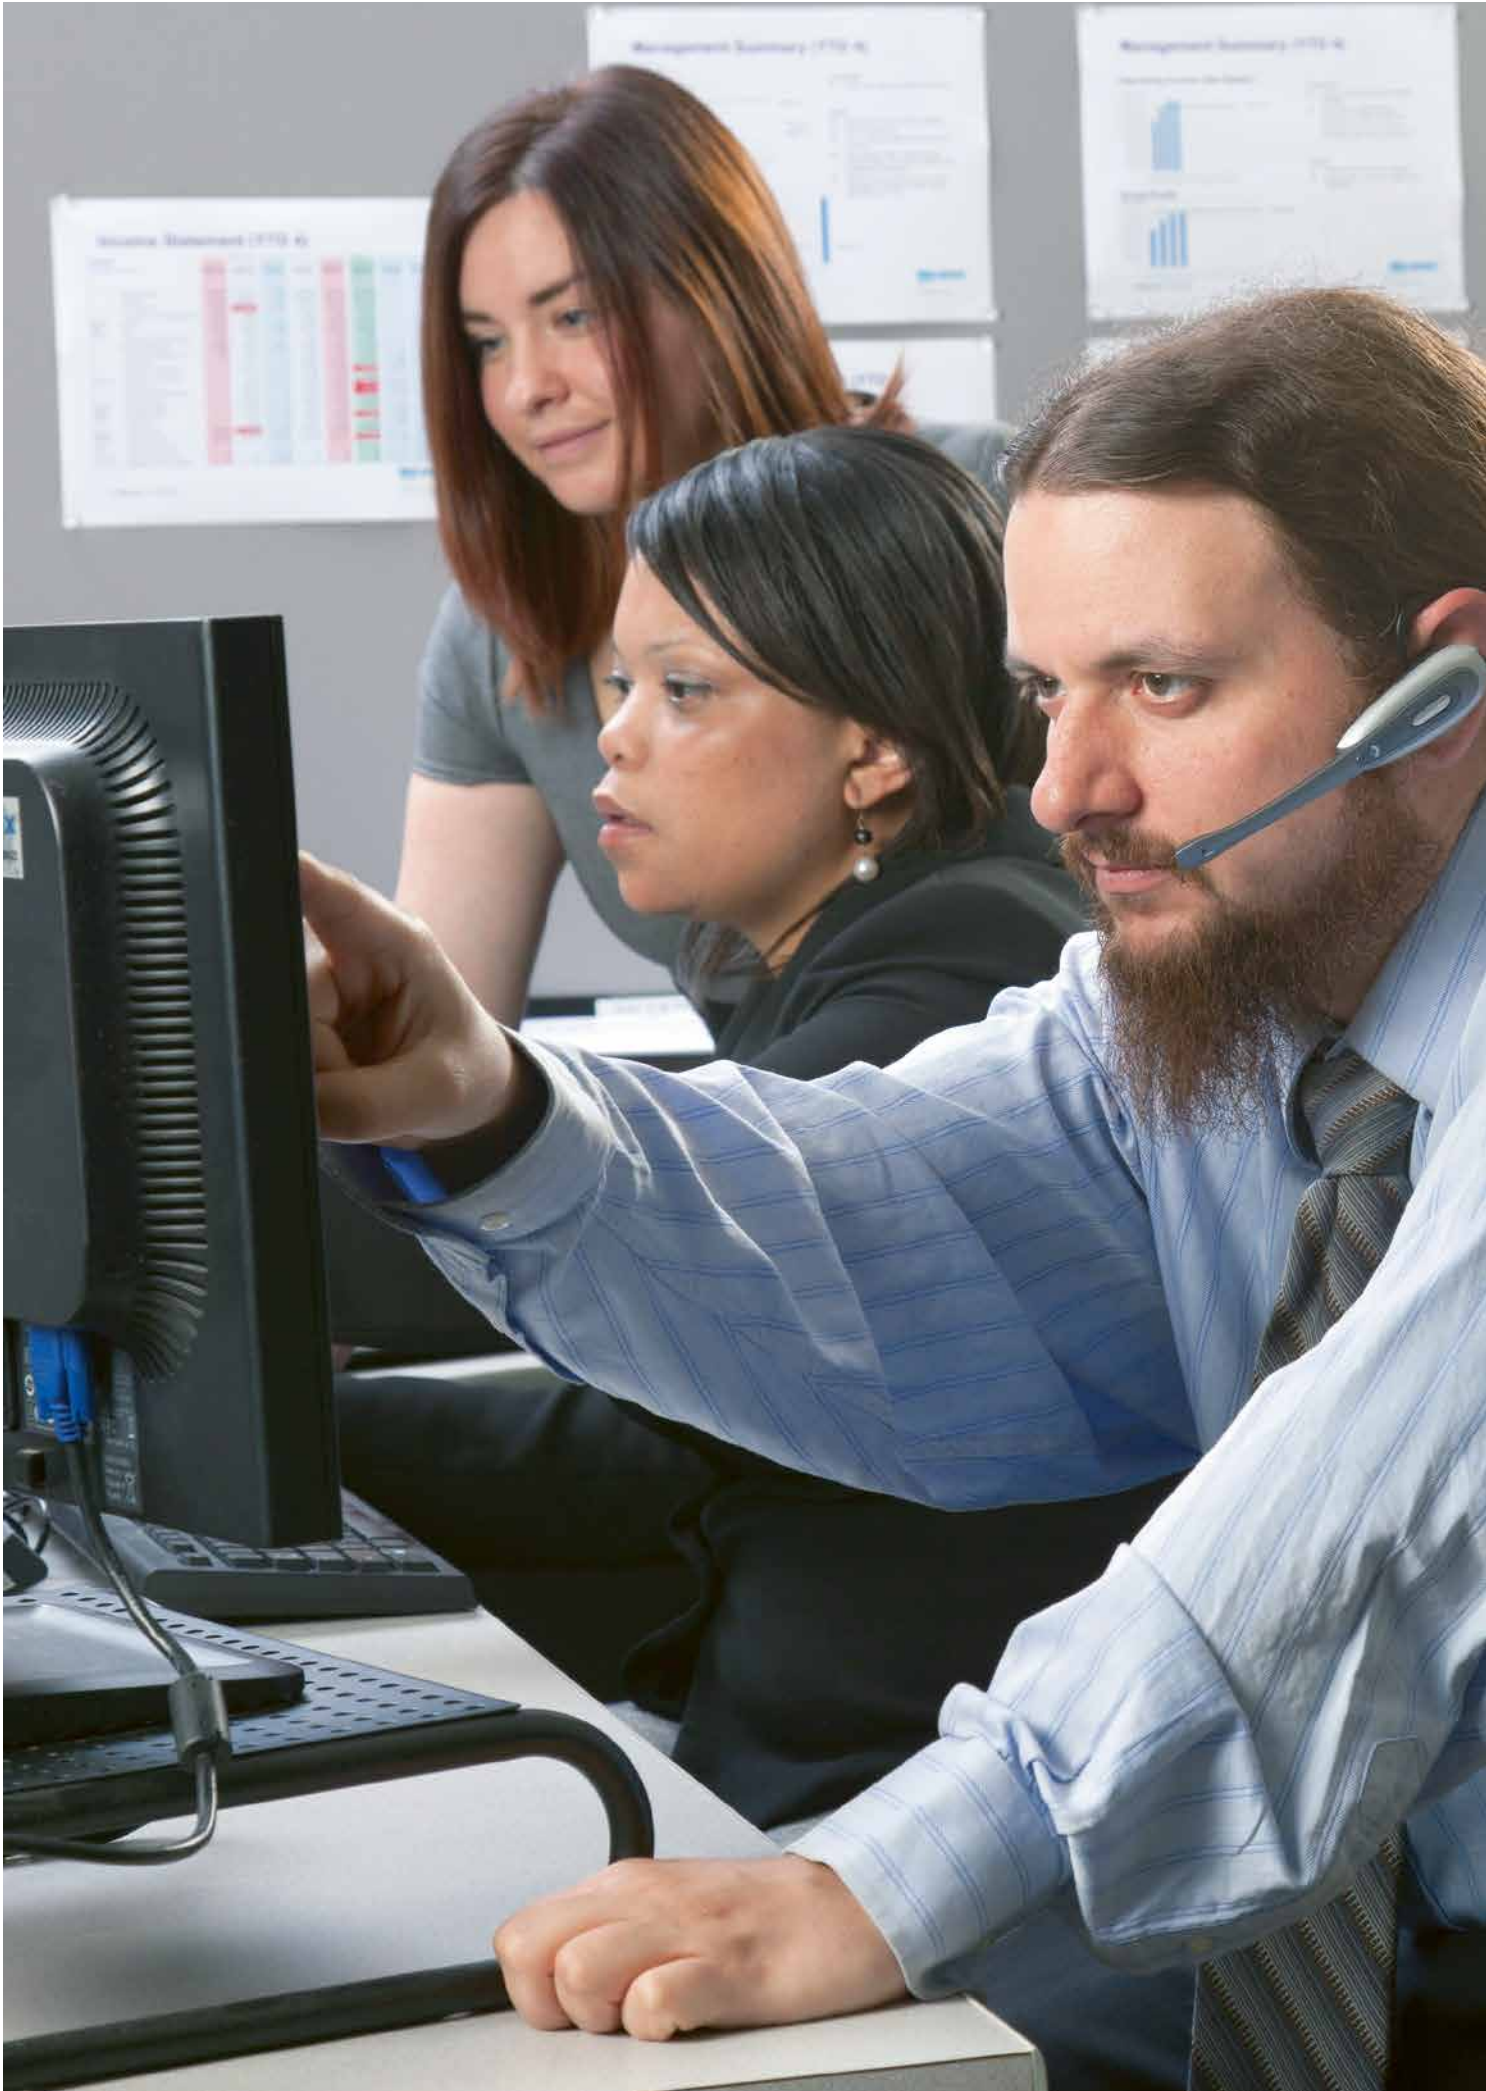

Our aim is to establish personal long-term relationships based on mutual trust, reliability and genuine commitment. We take great pride in our helpful and multilingual staff, who deliver the highest quality of service.

## **Innovative service**

Mecnex specialists are always one step ahead. Our staff is highly qualified, experienced and dedicated, and our infrastructure supports quality at the source. This creates cost-saving solutions for our customers.

## **Operational excellence**

At Mecnex USA we work with highly efficient processes in order to provide fast turn-around times and on-time delivery. In this way we support all our customers in the fulfilment of their missions.
