Newsflash: Step into the future with Pro Line 21 for your Falcon 2000 or 50EX

Newsflash

Step into the future with Pro Line 21 for your Falcon 2000 or 50EX

Improved safety and efficiency are secured through clear and coherent information delivery. The intuitive Pro Line 21 avionics suite provides an effortless overview, enhances communication capabilities and reduces pilot workload.

Upgrade to the now **EASA-certified Pro Line 21** avionics suite from your Falcon 2000 or 50EX's current Pro Line 4. Your upgrade can be completed by RUAG Aviation **within just 30 days!**

Future-oriented

Pro Line 21, together with Level D Satcom capability, is an **integral part of the forthcoming Future Airspace Navigation System (FANS) 1/A capability**, which saves operators both time and fuel by enabling access to preferred, wind-efficient transatlantic routes.
