Newsflash

Gain a good night's sleep with JetBed on board

Wake up relaxed, refreshed and ready to take on your day at the end of your flight. Enjoy the benefits of JetBed, delivered by RUAG Aviation to bring you the comforts of home while you're in the air.

Pure comfort

A completely flat surface uniform in feeling and firmness. JetBed allows you to lay back and relax, just as you would at home.

Perfect fit

Each JetBed is tailored to fit perfectly into the specific contours of your aircraft cabin and seat location, whether Bombardier, Falcon, Embraer, Cessna, Hawker, Pilatus or Gulfstream.

Compact convenience

Set up or pack away within minutes – it's that simple. For ease of transport and stowing, JetBed and all its components fit neatly within a simple, elegant bag.
