

Together  
ahead. **RUAG**

## Newsflash

### Celebrate with us – our 1000 aircraft painting events work to your advantage in 2016

**Aircraft painting is always a precision service, even when it's been done 1000 times over. Add value and preserve the condition of your aircraft as you take advantage of our proven experience, superior craftsmanship and best competitive terms.**

#### **Precision VIP quality painting for Learjet at € 55'000**

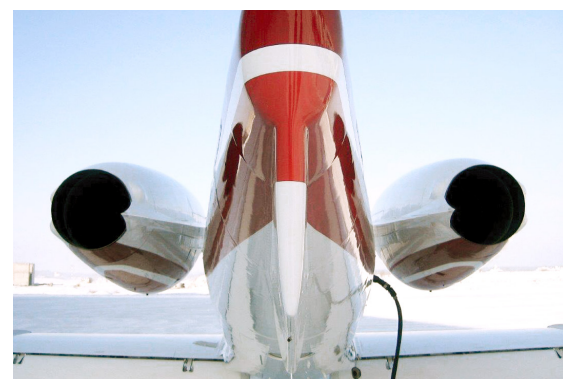

Rely on our passion for painting services and your aircraft and budget will shine. Skilled and talented craftsmanship is guaranteed, ensuring prolonged value and a refreshed image. Our best competitive terms for 2016 include full painting of your Learjet with a VIP paint system at the standard paint scheme – white with two accent stripes.

#### **Central Europe location**

Why fly farther and longer than necessary for your scheduled painting downtime? You save time and streamline cost while visiting our state-of-the-art aircraft painting centre near Munich, Germany. Your aircraft is available precisely when you need it and according to your individual specifications.

#### **Optimize your downtimes**

Superior, precision aircraft painting is just one way in which RUAG supports your aircraft. Our one-stop shop provides solutions from a single source, suiting your individual schedule. Our specialists perform all required services from MRO, to cabin refurbishment, system upgrades and aircraft painting within one single downtime – effecting faster turnaround times and maximizing your profit options.
