LED lighting: great benefits come in small packages

Benefit from a modern LED lighting system in your Dassault Falcon. Enjoy a more pleasant cabin environment by letting RUAG Aviation replace the fluorescent tubes and reading bulbs in your cabin.

Why LED?

No hot surfaces, no bulb breakage, making it both **safer** and more **cost-effective**. It is also more **environmentally friendly**, with low power consumption and less wastage.

Choose between **various lighting modes to suit your mood**, and enjoy the long lifespan and high reliability of the LED solution provided by RUAG Aviation.

For further information, please get in touch with us.

FREE installation with purchase of an LED lighting system before 31 August 2014.

Terms and conditions apply.
