Together ahead. **RUAG**

## Newsflash

### RUAG achieves Gulfstream G550 approvals – expanded services and optimised downtimes now available

Experience on schedule delivery and reliable MRO expertise together with individualised support and a full spectrum of aircraft services for your Gulfstream G550. Complete certification approvals are now confirmed within our EASA Part 145 organisation status. RUAG Aviation in Munich is the partner of choice for one-stop shop services for selected business jets, now also including Gulfstream.

#### Your aircraft, your individualised services

A proven and tested partner, RUAG is now fully authorised to apply its MRO expertise on behalf of your Gulfstream G550 aircraft. Rely on a team of experts to provide complete aircraft solutions tailored according to your personal requirements.

#### Guaranteed aircraft availability

Personalised customer service and maximum transparency are essential to all our MRO projects. This ensures your aircraft is available exactly when you need it.

#### Optimise your downtimes with our one-stop shop services

You can go about your business while we take care of your aircraft. Our one-stop shop solutions allow us to perform all required services within a single downtime, adapted to suit your individual schedule – enabling faster turnaround times and maximising your profit options. Available from a single source, RUAG one-stop shop solutions include MRO, cabin interiors, aircraft painting, system upgrades, component services, AOG, FBO, and support and consulting.

Entrust your aircraft to our MRO services and benefit from 30 years of experience in business aviation. Contact us today.
