## Newsflash

### New Firm Fixed-Rate Inspection Pricing Offer for Piaggio P180

**Gain peace of mind with a comprehensive inspection package at one advantageous firm fixed-price.**

With the new fixed-rate inspection offer from RUAG Aviation, you gain price transparency in your inspections from the beginning.

#### **Comprehensive services with a “never to exceed” price cap**

Almost all inspection services<sup>1)</sup> and findings affecting airworthiness are included in a convenient flat fee:

- **Inspection:** includes labour and materials
- **Standard discrepancy rectifications:** labour and materials are charged as per results, based on the “never to exceed price” presented in the initial offer
- **Freights:** charged as per results, with labour and materials capped at “never to exceed price” presented in the initial offer

1) Fixed rate does not include AOG and special transports, cosmetic rectifications, major parts and equipment, severe corrosion repair, external service related to discrepancy rectification and all related freight costs

Call today to schedule your inspection service package!
